MTMA39 Exam January 2013   - Additional sheet

NAME…………………………………………………………..

Table for use in Question 2.

Forecast probability of rain > 1mm per day	Number of Forecasts	"Perfect Forecast" Frequency of rain	Observed Frequency of rain
0%	810		40
10%	750		120
20%	900		300
30%	640		270
40%	420		180
50%	200		100
60%	430		250
70%	510		320
80%	610		450
90%	330		280
100%	400		380

Use this grid to construct your reliability diagram
