

Something Stupid

I know I stand in line
Until you think you have the time
To spend an evening with me
And if we go someplace to dance
I know that there's a chance
You won't be leaving with me

Then afterwards we sneak
Into a quiet little place
And have a drink or two
And then I go and spoil it all
By saying something stupid like
<>
I love you

I can see it in your eyes
You still despise the same old lines
You heard the night before
And though they are just lines to you
For me they're true
And never seemed so right before

I practice every day
To find some clever lines to say
To make the meaning come true
But then I think I'll wait
Until the evening gets late
And I'm alone with you

The time is right, your perfume fills my head
The stars get red
And oh the night's so blue
And then I go and spoil it all
By saying something stupid like
<>

I love you

I love you

I love you

I love you

I know I'll help you fix
Your atmospheric physics
To spend an evening with you
And when we're drawing pressure charts
I know the flutter in my heart
Tells me my feelings are true

I lean in to check your front
You've got it wrong but all I want
Is to get close to you
And then you go and spoil it all
By saying something stupid like
Mesopause. Isn't that something women have?
I love you

I can see it in your eyes
That your confused by all the lines
On this tephigram
Though like my love, the meaning's plain
You're lost again
If only you could understand

While coding every day
I try to think of how to say
Just how I feel about you
But then I think I'll wait
Until the evening gets late
And I'm alone with you

The time is right, and now my hearts ablaze
Your eyes are glazed
You just don't have a clue
And then you go and spoil it all
By saying something stupid like
Buoyancy? Wasn't she in Destiny's Child?

I love you

Is PV inversion where you turn the chart upside-down?

I love you

Why would anyone be anti cyclones?

I love you

How many tephigrams in a kilogram?

I love you

How do you spell ITCZ?
