

## I love Rock and Roll/I love the Panto

I saw him dancing there by the record machine  
I knew he must have been about seventeen

The beat was going strong  
Playing my favourite song  
And I could tell it wouldn't be long  
Till he was with me, yeah me  
And I could tell it wouldn't be long  
Till he was with me, yeah me  
Singing, I love rock and roll  
So put another dime in the jukebox, baby  
I love rock and roll  
So come and take your time and dance with me  
He smiled, so I got up and asked for his name  
But that don't matter, he said, 'cause it's all the same  
He said, "Can I take you home  
Where we can be alone?"  
And next we were moving on,  
He was with me, yeah me  
Next we were moving on,  
He was with me, yeah me  
Singing, I love rock and roll  
So put another dime in the jukebox, baby  
I love rock and roll  
So come and take your time and dance with me  
He said, "Can I take you home  
Where we can be alone?"  
Next we're moving on,  
He was with me, yeah me  
And we'll be moving on  
And singing that same old song, yeah with me  
Singing I love rock and roll  
So put another dime in the jukebox, baby  
I love rock and roll  
So come and take your time and dance with me  
Etc....Etc

Came to Reading not knowing what I wanted  
to do,  
Didn't really care, hadn't thought it through.  
Went to the panto,  
Sat in the second row  
And I could tell it wouldn't be long  
Till it'll me, yeah me  
Singing those awful songs,  
It would be me, yeah me  
Singing I love The Panto  
Sing another song about weather, baby  
I love the panto  
To the coffee room and dance with me  
I'd never seen a bunch so full of glee  
The lights, the costumes, the nerves: It  
enthralled me  
I wanted in on the act,  
A simple matter of fact  
And I could tell it wouldn't be long  
Till it'll me, yeah me  
Singing these goddam songs  
It'd be me, yeah me  
Singing I love The Panto  
Sing another song about weather, baby  
I love the panto  
To the coffee room and dance with me  
Soon it'll be your turn,  
Your lines you'll have to learnnnnnnn  
And I can tell it wouldn't be long  
Till it'll you, yeah you  
Singing these same old songs,  
It'll be you, yeah you  
Singing I love The Panto  
Sing another song about weather, baby  
I love the panto  
To the coffee room and dance with me  
Etc...Etc

## Words/Foehns

Smile an ever lasting smile  
A smile can bring you near to me  
Don't ever let me find you gone  
'cause that would bring a tear to me  
This world has lost its glory  
Let's start a brand new story  
Now my love  
You think that I don't even mean  
A single word I say  
It's only words  
And words are all I have  
To take your heart away  
Talk in ever lasting words  
And dedicate them all to me  
And I will give you all my life  
I'm here if you should call to me  
You think that I don't even mean  
A single word I say  
It's only words  
And words are all I have  
To take your heart away  
It's only words  
And words are all I have  
To take your heart away  
(Optional from this point on)  
Da Da Da Da Da Da etc  
This world has lost its glory  
Let's start a brand new story  
Now my love  
You think that I don't even mean  
A single word I say  
It's only words  
And words are all I have  
To take your heart away  
It's only words  
And words are all I have  
To take your heart away  
Etc if required

Wind-ward slopes see cloud and rain  
As moist air climbs up to the peak  
Then the air flows down again  
But this time warmed by latent heat  
You say you think it's magic  
It's just an adiabatic  
Process, love  
At times, depending on the climbs  
It can be several K  
They're only Foehns  
And Foehns are all it takes  
To melt the snow away  
I've heard, another type of Foehn  
Is often up in Scotland seen  
A layer of warm and stable air  
Flows down and heats up Aberdeen  
At most it can warm the East Coast  
Up by several K  
They're only Foehns  
And Foehns are all they've got  
To keep the cold away  
They're only Foehns  
And Foehns are all they've got  
To keep the cold away  
(Optional from this point on)  
Da Da Da Da Da Da etc  
They call them "Glacier Eaters"  
It's like placing several heaters  
On the ice  
And if, you take an Alpine trip  
You'll hear the Germans say  
Der also Föhn  
Föhn ist das was es braucht  
Um den zu schmelzen Schnee  
They're only Foehns  
And Foehns are all it takes  
To melt the snow away  
Etc if required
