Don't stop me now:

Tonight

I'm gonna have myself a real good cry

I feel like I'm gonna die

And the rats, they're heading to park bar

Yeah!

I'm floating around

Like isoprene?

So please stop it now, please stop it

'Cause I'm not having a good time, not having a

good time

I'm a research rat trying not to cry

Like a student defying potential vorticity

I'm a radiosonde flying by

Like Dr Pete Inness

I'm gonna fail, crash, burn

There's no saving me

I'm running out of time, yeah

24 hours, and I'm coming up on my deadlines

I'm working through the depth of night

I wanna make a poster ready for EGU

Don't stop me now

I'm having such a bad time

I'm having a mare

Want coffee now

I'm pinging off the caffeine

My pants might turn brown

Can't type up

(I do not have the time)

Please stop it

(My heart's having a bad time)

It really won't stop at all!

I'm SSH-ing on my way to RACC

I'm on a coding course

I'm with purple jane

And I'm not learning git

My NoMachine's ready to upload

And my PC is

about to-oh-oh-oh-oh-oh explode

I'm burning through my stipend

Two thousand per week

That's why they call me Mister Overdraft

I'm spending like I'm bloody daft

I never cook I always order takeaway food

Please stop it

I'm tired

So tired

Hey, hey, hey!

More coffee

I'm wired

Ooh, ooh, ooh

[I like it!]

Don't stop me

Don't stop me

Making good time, good time

Don't stop me

Don't stop me

[Guitar solo]

Oh, I'm burning through my RAM, yeah!

Two hundred degrees

Ho-ow's my productivity so high?

Look at this, Teten's applies

Gonna tuck into this very yummy ragu (Hey, hey)

Don't stop me now

I'm having such a good time

I'm loving met ball

Don't stop me now

if you wanna have a good time

And go on pub crawl

Don't stop it (now)

I'm having a good time (Hey, hey)

Don't stop it (now)

I'm having a good time

I don't wanna stop at all

Come on Eileen

Poor old Linguini

His maths is bad and his coding worse

Struggling along in fluid dynamics

But Remi's here

Bright faced and full of hope

You're bad (you're bad at)

Research (researching)

The acronyms go on forever

AMOC, ENSO, PV, NAO

But it's Not An Oscillation

Come on, Remi, oh, I think that he means

For this paper, you'll do everything

You'll do the code, and you'll do the plots

And the writing, oh come on, Remi

Stood out from your peers

Their grades are sunk in exam marks

They're resigned to what their fate is

But not you (no, never)

No, not you (no, never)

You are far too young and clever

(Remember)

Keen bean, bu-sy bee, eager beaver

Remi, you're going to work forever

Come on, Remi, oh, I think that he means

For this paper, you'll do everything

You'll do the code, and you'll do the plots

And revisions, oh come on, Remi

All of the time, and all of the work

And no credit, oh come on, Remi

Come on, Remi, the undergrat

Come on, Remi, the under(grat)

Brownnosed Linguini, you are a weenie

Oh, Remi

Said

Come on, Remi,

The undergrat, can't you see,

And can't you feel,

The dangers of losing your work to,

Linguini?

Oh, Keen bean, busy bee, eager beaver

Come on, Remi, oh, I think that he means

For this paper, you'll do everything

You'll do the code, and you'll do the plots

And the writing, oh come on, Remi

Come on, Remi, oh, I think that he means

For this paper, you'll do everything

You'll do the code, and you'll do the plots

And the writing, oh come on, Remi

The Middle:

Hey,
Don't stress yourself out yet
It's been one week since you started,
your project
You'll do your best,
Do everything you can
And still you'll worry what your supervisors,
Are gonna say

You're in your first year
Linguini, you should write Sappo 'mail
Everyday you should take coffee breaks
Everyday, everyday coffee breaks, alright

Hey, are your modules great?
I don't care but will you come along
to the pub crawl?
Leave your work,
Go to the SCR,
Then you can demean yourself,
At purple turt

You're in your first year
Linguini, you should be at food market
Sample paella man and bagel man,
Sample paella man and bagel man (bagel)

You're in your first year
Linguini, you should play laser tag
Scenario meetings playing mini golf,
BBQs, fresh pizza, and shuffleboard, alright

(guitar solo)

Hey, start with your first MC
It's only in your head you're sprinting straight
From day one
Just do your best,

Do everything you can
And don't you worry bout what everyone is
gonna say

You're in your first year
Linguini, you should march to Park House
Every week Sappo starts at 2pm
Earlier, earlier, ev'ry week, alright

You're in your first year
Linguini, you should write Sappo 'mails
Everyday you should take coffee breaks
Everyday, everyday coffee breaks (alright)

Money Money Money:

I code all night, I sleep all day to meet deadlines

I have to make

Ain't it sad?

And still there never seems to be a single good

grade left for me

That's too bad

As revenge I have a plot

If I stole me the money pot

I wouldn't have to work at all, I'd fool around

with aerosols

Money, money, money

For tea and coffee

In the rich rat's lounge

Yummy yummy yummy

Biscuits in tummy

In the rich rat's lounge

Aha-ahhhh-ahhhhh-ahhhhh

All the teas I can brew

Now I have a little money

It's a rich rat's world

It's a rich rat's world

A pot like that is hard to find but I can't get it off

my mind

Ain't it sad?

And if there's funding there for me, there's

nothing left for some coffee

That's too bad

So we must leave, I'll have to run

To Lyle Block or the Three Tuns

We stole a fortune in a heist, our lives are gonna

be so nice

Money, money, money

For tea and coffee

In the rich rat's lounge

Yummy yummy yummy

Biscuits in tummy

In the rich rat's lounge

Aha-ahhhh-ahhhhh-ahhhhh

All the teas I can brew

Now I have a little money

It's a rich rat's world

It's a rich rat's world

HOT TO GO (HOSKINS):

Five, two
Five, two, eight line

I could be the one in the next edition
Papers in my head, but I want submission
I don't want the world, just synoptic scale
